**Are You Ready to Keep Score of How You Get Your Game On!?** You are learning many new ways to stay fit and healthy. You know that you need to make healthy choices. And you know that you need to get up and move each day for 60 minutes to balance “Energy In” with “Energy Out”.

For the next \_\_\_\_ weeks, keep score of your healthy choices with this Tracker.

- Your “Energy In” goal is to make three healthy nutrition choices each day from the list below.
- Your “Energy Out” goal is to get up and move for at least 60 minutes each day.
- All of your 60 minutes of physical activity do not have to be done at the same time. You can do short spurts of physical activity during the day. It all needs to add up to 60 minutes.

As you reach your goal each week, take time to celebrate!
